TOWN WARRANT

STATE OF NEW HAMPSHIRE

Cheshire, ss.

To the inhabitants of Alstead qualified to vote in town affairs.

You are hereby notified to meet at the town hall in said town on the 10th day of March, at nine o'clock in the forenoon to act on the following articles.

Art. 1. To choose a town clerk, town treasurer, selectman, tax collector, overseer of poor, one or more road agents, auditors, constables, library trustees, trustees of trust funds, fence viewers, sextons, cemetery committee, measurers of wood and surveyors of lumber, and other town officers as the voters may direct.

Art. 2. To see what sum of money the town will raise for ordinary town charges and for the support of poor.

Art. 3. To see what sum of money the town will raise for highways and bridges.

Art. 4. To see if the town will raise \$750.00 for state aid construction bond.

Art. 5. To see what sum of money the town will raise to oil the village streets.

Art. 6. To see what sum of money the town will raise for street lights.

Art. 7. To see if the town will vote to raise a sum of money for the control of white pine blister rust.

Art. 8. To see if the town will raise \$1,141.50 for state aid construction and apply for state aid.

Art. 9. To see if the town will authorize the selectmen to sell real estate acquired by tax sale.

Art. 10. To see what sum of money the town will raise for the care of cemeteries.

Art. 11. To see if the town will raise \$25.00 for water rent for town hall and watering trough.

Art. 12. To see what sum of money the town will raise for the support of the Library.

Art. 13. To see if the town will vote to raise a sum of money for control of tent caterpillar in Alstead streets.

Art. 14. To see if the town will vote to rescind vote taken under Art. 17, March 12, 1935.

Art. 15. To see if the town will vote to accept a trust fund of \$100.00 from Marshall F. Bragg Est. for care of cemetery lot.

Art. 16. To see if the town will accept a trust fund of \$100.00 from Charles L. Linsley for the care of John V. Green lot in Alstead Center.

Art. 17. To see what sum of money the town will raise to pay on tractor note.

Art. 18. To see if the town will vote to raise a sum of money for Memorial Day.

Art. 19. To see if the town will vote to oil the road from the Dennett blacksmith shop on the west side of Lake Warren about $\frac{1}{2}$ mile and raise money for the same.

Art. 20. To see what action the town will take in regard to repairing or rebuilding fire house and raise money for the same.

Art. 21. To see if the town will vote to raise \$621.27 for class V roads and call for state assistance.

Art. 22. To hear reports and allow accounts.

Art. 23. To transact any other business that may come before the meeting.

Given under our hand and seal this 20th day of February, 1936.

ROBERT M. BRACKETT,
BURTON G. DANA,
Selectmen of Alstead.

SCHOOL WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the school district in the town of Alstead qualified to vote in district affairs :

You are hereby notified to meet at the Town Hall, in said district on the 10th day of March, 1936, at 2 o'clock in the afternoon to act upon the following subjects :

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officer or agent of the district.
6. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
7. To choose agents, auditors, and committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alterations in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the district will vote to authorize the school board to install electric lights in the East Alstead and Rhodes schools and appropriate an amount not to exceed \$100.00 for this purpose.

10. To transact any other business that may legally come before said meeting.

Given under our hands at said Alstead, this 10th day of February, 1936.

PARKER B. STEVENS, M. D.,
MAYBELLE H. STILL,
CARROLL E. HATCH,

School Board.

A true copy of Warrant—Attest:

PARKER B. STEVENS, M. D.,
MAYBELLE H. STILL,
CARROLL E. HATCH,

School Board.

REPORT OF SUPERINTENDENT OF SCHOOLS

I herewith submit my third report as Superintendent of Schools.

ORGANIZATION AND ENROLLMENT

Only one change was made in the elementary teaching positions. Miss Doris Hitchcock, Keene Normal School 1935, was elected to fill the vacancy at East Alstead caused by the resignation of Miss Mildred Angier. The advantage of continued service of qualified teachers has been apparent.

Standard achievement tests in all the fundamental subjects were given to the pupils in grades five to eight inclusive. Standard graduation tests were administered to the eighth grade pupils previous to graduation. The results of the tests were tabulated for purposes of comparison and indicated that the pupils generally were doing satisfactory work for their grades.

The testing program this year is principally diagnostic in nature. The purpose is to diagnose difficulties and weaknesses which may occur in fundamentals. The results are to be used as a guide to instruction and as a basis for remedial work. In each school a program for remedial work will be developed in accordance with the needs of the pupils as indicated by the results of the tests. Attention will be given to individual as well as to group needs.

I wish to make grateful acknowledgement for the following contributions to the schools:

To Mr. and Mrs. Brainerd Taylor for the organ which they gave to the village school.

To Mr. and Mrs. J. Alfred Dennis for their continued interest manifested by contributions to the Christmas activities at the Mica Mine school.

To the friend who has each year made financial gifts to the village school at Christmas.

To Mrs. Mildred Moulthrop for the loan of her piano at the village school.

VILAS HIGH SCHOOL

Mr. Daniel Metcalf has been added to the teaching staff. He is teaching the high school courses in social science and directing the physical activity program. Mr. Metcalf is a graduate of the University of New Hampshire. He was for ten years director of athletics and teacher of social science at Pinkerton Academy.

Miss Helen Miley was elected to fill the vacancy in the commercial department which was caused by the resignation of Miss Amelia Witt. In addition to teaching the commercial subjects, Miss Miley will supervise the physical activity for girls. She is a graduate of Boston University, P. A. L.

The high school teaching staff is now entirely adequate. Several desirable changes in the teaching assignments were made. The work is effectively departmentalized with each teacher assigned to courses in which they have had major preparation.

The school activities have been more fully correlated and placed more definitely under the guidance and direction of the teachers. A program of supervised physical and social activity is in effect with full utilization of all the advantages and facilities afforded by the new building.

A very definite program of standard tests has been outlined as a means of determining the ability of the pupils and checking up on their progress.

The continued interest in the school which has been manifested by Mrs. Charles N. Vilas is appreciated. Her recent gift of a beautifully bound volume of "The National Encyclopedia of American Biography" is a valuable contribution to the high school

library. The volume contains a portrait and biographical sketch of Mr. Vilas.

Further details regarding the organization of the high school are included in the report of the headmaster.

SUMMARY OF ENROLLMENT, JANUARY 15, 1936

Vilas High School,	82
Vilas Junior High,	30
Village Advanced,	27
Village Primary,	24
East Alstead,	17
Mica Mine,	11
Rhodes,	14
<hr/>	
Total,	205

The decrease in enrollment at the Mica Mine school is significant. Four of the eleven pupils now enrolled are in grade eight.

BUILDINGS AND EQUIPMENT

In the village school extensive repairs were made to the plaster of the partitioning wall. The walls of the classrooms and hallways were painted and the ceilings were whitened. The woodwork and desks were varnished. A coat of black was applied to the blackboards. The roof of the woodshed was shingled.

At East Alstead the ceiling was whitened. The walls and woodwork were painted. Repairs were made to the kaustine toilet in the boys' room.

Improvements at the Vilas High School were as follows:

1. Drainage was provided to take care of the surface water in the front and rear of the building.
2. A foundation border of small cut rock was supplied to a depth of two feet along the entire length of the building in front.

3. The trees were trimmed, brush cut, loose stones removed, and other necessary work was done to improve the general appearance of the grounds.

4. The floors in the class rooms and gymnasium were cleaned and oiled.

5. The bleachers on the ball field were erected and painted.

6. An outdoor court for volley ball was built.

STATISTICAL REPORT 1934-1935

Total registration,	236
Average membership,	211.84
Percentage of attendance,	93.67
Cases of tardiness,	196
Number of pupils not absent or tardy,	19

CLASS OF 1935 VILAS HIGH SCHOOL

Chester Davis	Leroy Mosher
Marshall Dunn	Harry Neal
Reeshon Feuer	Beatrice Sonosky
Charles Gardner	Helen Sonosky
Bernard Henry	Laura Timpano
Louise Huntley	Elizabeth Yuhas

There was a slight decrease in the percentage of attendance. A very substantial reduction was made in the number of cases of tardiness. The number of pupils with a perfect record of attendance is commendable. The total registration has increased over the report of the previous year by 113 pupils.

Only one Alstead pupil is now being educated outside of the district. In addition to accommodating its own pupils in elementary and high school, the district is extending educational opportunities to twenty-seven elementary and fifty-one high school pupils from neighboring districts. This phenomenal change in the educational aspect of the district is one of the most vital achieve-

ments brought about by the establishment of the Vilas High School.

I wish to direct your attention to the following supplementary reports:

1. Report of Headmaster, Vilas High School.
2. Report of School Nurse.
3. Report of Diphtheria Nurse.
4. Report of Special Music Teacher.

I wish to express appreciation of the generous cooperation which I have received from members of the School Board, parents, teachers and pupils.

Respectfully submitted,
 CHARLES D. DALZELL,
 Superintendent of Schools.

REPORT OF THE HEADMASTER

VILAS HIGH SCHOOL

Mr. Charles D. Dalzell, Superintendent of Schools,
 Dear Sir:

I herewith submit my second annual report as headmaster of Vilas High School.

REGISTRATION

	Jr. High	Sr. High	Total
September 3, 1935,	30	84	114
Registration since Sept. 3, 1935,	1	5	6
Transferred or left,	1	6	7
Registration January 31, 1936,	30	83	113

The attendance record of the school so far this year has been very good. It has been necessary for some of the pupils to stay away from school so they could work and a few have had to stay

out occasionally because of snow but nearly all of the students have been regular in their attendance.

SCHOLARSHIP

The standard of scholarship is in general good and the students are, for the most part, conscientious in preparing their assignments. Special periods are set aside for students to make up their work. Teachers have individual conferences with all the pupils in their classes and special attention is given to pupils that are failing.

ORGANIZATION

ENGLISH

The objective of the study of English in the high school is two-fold: (1) to train the student to use his language effectively in speaking and writing: (2) to acquaint the student with his literary heritage, the writings of all time which have stood the test of popular opinion. The accomplishment of the first is approached through a study of formal grammar, writing techniques, conversation, dramatics and other speaking situations, and constant practice in the use of these various skills. Wide reading in both classical and modern literature tends toward a realization of the second objectives.

The work in dramatics has been correlated with the work in English and has been under the direction of the English teacher. In the fall term three one-act plays were put on. Two at the time of our school fair and one at the Walpole High School Fair. Walpole High School put on one one-act play at our school fair.

A radio play has been broadcasted over the radio station at Springfield, Vermont, and we expect to broadcast another play in the spring.

FRENCH

The study of French is intended to give the student a knowledge of the fundamentals of the language, which will serve him as a basis for further study, will increase his understanding of his own language, and will develop an appreciation of French people, customs, and literature.

SOCIAL SCIENCE

The chief aim of social science in the high school is good citizenship, which is obtained through the following means:

1. Information concerning historical facts, both past and present;
2. The study of current events;
3. The study of the lives of successful men and women;
4. An understanding and appreciation of other civilizations;
5. The application of good principles which are learned.

It is hoped that an interest in taking part in the affairs of the community with an intelligent and open mind will be aroused.

MATHEMATICS

In the Junior High School concrete algebra, concrete geometry, and arithmetic are studied. In the Senior High School, first year algebra, and plane geometry are offered. No course in Advanced Algebra and Trigonometry are being given this year because an insufficient number of students had elected the proper courses preparatory to Advanced Algebra. Last year an Advanced Algebra team competed with other schools in the state at Keene Normal School at the annual scholarship day held at Keene.

In all courses in mathematics an effort is made to train the student in fundamental principles and to give him opportunity to make practical applications of his knowledge. Last fall geometry students began a survey of land in the rear of the school building and determined the location of the tennis courts and made prospective plans for a one hundred yard straight-away and a one-eighth mile circular track. Other students have determined the height of the flag pole and other objects by protractors and triangles of their own design.

SCIENCE

General Science is offered in the two years of Junior High School. Physiography, Biology, Physics and Chemistry are offered in the Senior High School. In the Junior High School each

student has an opportunity to experiment upon scientific principles studied in the course.

In the Senior High School Chemistry and Physiography are being offered in the current year. In Chemistry each student is issued a complete set of apparatus with which he performs approximately 70 experiments illustrating and supplementing his study of the elements, their compounds, and the laws which govern their reactions.

COMMERCIAL STUDIES

No person's education is complete without some understanding of business transactions. It is the aim of our Commercial Department to offer courses which will give vocational training in this field by developing skill and information combined with the proper ideals and attitudes, thus equipping the ambitious young person to take up with confidence the exacting duties of a business or professional career, or the successful management of a home.

The commercial courses are divided into the following groups: Shorthand, Typewriting, Bookkeeping, Junior Business Training, Office Practice, Penmanship (Junior High at present).

Penmanship is now offered for the Junior High School students, and will possibly later be offered for commercial students needing remedial work. A practical review of simple writing processes is given. Individual differences are taken into considerations; and special remedial instruction is given each pupil. Pupils, however, are permitted and encouraged to retain an individual style of handwriting while developing good form and legibility.

HOME ECONOMICS

Members of the home-economics department have set up aims which may be used in class work as well as in work carried on after school.

The aims are:

1. To learn to make decisions which will build and enrich our lives.

2. To become skillful in our work.
3. To learn different methods of doing work and become able to choose the best method.
4. To excel in doing work.

An attempt is being made to create in the pupils a desire to assume the responsibility for the duties necessary to the conduct of a well run home.

The courses offered this year are, "Foods and Nutrition," and "Family Relationships."

The school fair proved a successful means of giving the girls an opportunity to exhibit results of home project work and school work for the community and members of the school.

A demonstration on the preparation of a luncheon was given for the benefit of the people who attended the fair.

A plan which will not only encourage a physical set-up that will be homelike, but will develop a homelike procedure in all activities is followed in the outline of Home Economics courses.

Last May three girls from the Home Economics Department entered the annual Scholarship Day competition at Keene Normal School.

PHYSICAL RECREATION

Physical Education, meaning the scientific training of children in physical and health activities, is an important factor in any school curriculum.

A well-balanced public school physical education program containing a great variety of activities is being developed at Vilas High School. The recreational program has been planned so that every student in the school may participate in the activities.

As a result of participation in games, sports and recreation, the pupils should develop habits of daily exercise, skill in playing several games, an attitude of enthusiastic interest in games and sports and ideals of good sportmanship. Courses in physical education are helpful to nearly every young person. They may

prove invaluable to a boy or girl who wishes to earn a livelihood in one of the following capacities: athletic coach, camp counselor, child welfare worker, hospital assistant, nursery school worker, public health worker, recreational social worker, settlement worker, etc.

BOYS' PHYSICAL RECREATION

The games, exercises, and competitive play aid in the development of the boy, both physically and mentally.

The program includes, marching, calisthenics, tumbling, rope climbing, pull-up, and mass games.

A physical examination has been made of all students and those not able to participate have been excused.

Intra-mural competitions have been in progress during the school year in touch football, soccer, basketball, boxing, wrestling, track, baseball, and winter sports. If a boy is not adapted to one game, he may be proficient in another.

GIRLS' PHYSICAL RECREATION

Physical education for girls in the Vilas High School is organized to provide the students with healthful and recreative activity; guidance in acquiring coordinations and skills, leading to a more efficient handling of the body; and knowledge of and experience in various activities which may prove a valuable foundation for better health and greater enjoyment of life.

At the beginning of the school year students are given examinations to determine any physical handicaps and the extent and types of activity best suited to individual needs. Activities for the different seasons are adapted to fit the needs of the students during the year. Gymnastics and games providing an opportunity for acquiring skills in a variety of types of activity lead to improved coordinations.

Team games such as bounce ball, volley ball, dodge ball, keep away, and baseball are enjoyed during the fall and spring. Basketball plays the large role during the winter. Marching, gymnastic exercises and a few apparatus activities offer special opportunities.

AGRICULTURAL COURSE

The work in Agriculture has been based upon the Agriculture in Alstead and surrounding towns and the home projects of the boys.

In the shop the boys have made tables, stepladders, wheelbarrows, chick hoppers, tool boxes, coal chisels, braces and many similar articles.

Two of the boys made a two-horse dump cart body and others completely overhauled a tractor, truck and automobile.

Our school was represented at the annual interscholastic judging contest held at the University of New Hampshire, in October. Teams were entered in the following contests: Dairy Cattle, livestock, fruit, poultry, wood chopping, and wood identification.

Our livestock judging team took first place and our wood chopping team was third. Besides the team score several of the boys won individual awards. Three boys exhibited eggs in the egg and baby chick show held at Concord.

The boys taking agriculture had a very active part in our first school fair. They assisted in getting and setting up many of the exhibits.

SOCIAL PROGRAMS

The social program has been carried out much the same as last year having one event each month sponsored by a different class.

The aim is to develop student leadership as well as to provide entertainment. We have had an outdoor party, afternoon parties, and evening parties.

We have assembly programs once every two weeks. These programs are put on by the various classes and occasionally an outside speaker is heard. We have had two very interesting and instructive moving pictures put on by the Superintendent of Schools. Devotional exercises are held two mornings each week.

Some parents have come to the school to talk over their children's problems and have offered some suggestions and con-

structive criticism. This has been very helpful and I hope we may have many more visits.

Last February we set aside one day for open house and invited all parents and interested citizens. The people seemed very much interested and on that day we had over 100 people visit the school.

For organizations we have a Dramatic group, Stamp Club, Athletic Association and F. F. A. During the first ten days of August the Vilas F. F. A. sent four boys to a Leadership Training Camp in Groton, N. H.

I would like to express my appreciation to the Alstead Outing Club for furnishing one half of the boys' expenses to the camp.

Several books have been given to the school library by organizations and interested citizens. The school is indebted to the Shedd-Porter library for the use of its books and magazines.

The school nurse conducted a very successful dental clinic.

This year with the help of another teacher we have been able to put on a well-rounded program here at the Vilas High School. Each pupil unless excused by a parent or the doctor now takes two periods of physical education each week in addition to regular academic work and instruction in music.

In behalf of the school, I wish to thank the people of Alstead, Acworth, Langdon, and Marlow who have supported our work and cooperated in making it more effective.

May I also express appreciation to the superintendent, teachers, pupils and parents for their whole-hearted cooperation.

Respectfully submitted,

PAUL J. FENTON,

Headmaster, Vilas High School.

REPORT OF SPECIAL MUSIC TEACHER

Mr. Charles D. Dalzell, Superintendent of Schools,

Dear Sir:

I herewith submit my second annual report to the Town of Alstead.

The music schedule remains the same as last year.

This year four new pupils entered the class for stringed instruments making an enrollment of seven. Two pupils entered the class for wind instruments making an enrollment of six.

Orchestra rehearsals are held one forty minute period every other week.

The Vilas High School chorus class is preparing an operetta, *The Sunbonnet Girl*, to be presented the last of March.

Plans are being made for a music festival to be held at Vilas High School. The orchestras of Walpole High School, Simonds Free High School and Vilas High School will unite in a concert.

Respectfully submitted,

ALICE MOORE.

REPORT OF SCHOOL NURSE

Mr. C. D. Dalzell, Superintendent of Schools,

Dear Sir:

I hereby submit my annual report as school nurse.

Inspection in Alstead showed the following defects:

208 pupils were inspected.

5 pupils showed defective hearing.

10 pupils showed defective vision—uncorrected.

12 pupils showed poor posture.

89 pupils were in need of dental care.

67 pupils were underweight.

24 pupils were unvaccinated without proper excuse.

11 pupils had enlarged glands in neck.

34 pupils were recommended to have a nose and throat examination by a physician.

A dental clinic was held at the Vilas High School June 6th and 7th, 1935. Dr. H. C. Baldwin of Manchester, N. H., was the dentist. The rates were: cleaning, .50; extractions, .50; silver fillings, .50; porcelain fillings, \$1.00.

Number of cases treated,	37
--------------------------	----

Number having teeth cleaned,	15
------------------------------	----

Number of extractions,	12
------------------------	----

Number of silver fillings,	59
----------------------------	----

Number of porcelain fillings,	23
-------------------------------	----

27 pupils had their teeth cared for by their own dentist.

7 pupils had special eye examination and defects corrected.

1 tonsil case was treated privately.

3 pupils were vaccinated.

I wish to express my appreciation to superintendent, principal, teachers, parents and pupils for their help and cooperation.

Respectfully submitted,

FRANCES F. EDGETT, R. N.,

School Nurse.

Miss Elizabeth Carriel, Staff Nurse of the State Board of Health, has made the following report of a diphtheria immunization clinic which was held in conjunction with the local board of health.
